With enclosed, private rear garden surrounded by mature shrubs giving it a good degree of privacy.

**Provide the correct level of support to meet those needs in addition to maintaining their safety.**

**We use person centred approaches and work with service users to meet their individual needs and promote independence and wellbeing in areas associated with:**

- Daily living skills
- Physical, emotional and mental health awareness
- Occupation and activities
- Social skills

We place great emphasis on **service user empowerment and participation through development of social skills**, community access and supporting individual's tastes and preferences. Prior to moving into Supported living each individual will have undergone extensive assessment, including risk assessment, to identify their needs and to provide the correct level of support to meet those needs in addition to maintaining their safety.

“

One of the best services I have seen... it's good to see a service not only provide good quality care for people but also getting their paperwork right ”

Quote from a stakeholder

Individuals as well as the staff team are supported by an in-house clinical team comprising of:

 Consultant Clinical Psychologist	 Registered Manager
 Behavioural Specialist's	 Support Team Leader
 Assistant Psychologist's	

Care packages and support plans are reviewed fortnightly via a therapeutic team meeting enabling constant monitoring and reviewing of an individual's care, which provides benefits in:

- Recognising deterioration in mental or physical health
- Addressing any problems quickly
- Ensuring individuals are engaging in meaningful and positive activities
- Ensuring individuals maintain links to friends and family
- Ensuring individuals are maintaining progress to working towards independence
